On June 22, 2012, Manpower Inc. (d/b/a ManpowerGroup) (the “Company”) offered and sold €350 million aggregate principal amount of the Company’s 4.500% notes due June 22, 2018 (the “Notes”). The net proceeds to the Company from the offering of the Notes were approximately €348.7 million, and will be used by the Company to repay borrowings under our \$800.0 million revolving credit facility used to repay our €300 million notes that matured on June 1, 2012 and for general corporate purposes.

The Notes were offered at an issue price of €999.74 per €1,000 principal amount. Interest on the Notes is payable in arrears on June 22 of each year. The Notes are the unsecured senior obligations of the Company and will rank equally with all of the Company’s existing and future senior unsecured debt and other liabilities. The Notes were issued under a Fiscal and Paying Agency Agreement (the “Agreement”) between the Company and Citibank, N.A., London Branch, as Fiscal Agent, Principal Paying Agent, and Registrar and Transfer Agent, dated as of June 22, 2012.

The Company may redeem the Notes, in whole but not in part, at the Company’s option at any time at a redemption price equal to the greater of (1) 100% of the principal amount of the Notes, or (2) as determined by the Quotation Agent (as defined in the Notes), the sum of the present values of the remaining scheduled payments of interest accrued as of the date of redemption) discounted to the redemption date on an annual basis at a rate equal to the average midmarket annual yield to maturity of the Bundesrepublik Deutschland 4.0% due January 4, 2018 (or if that security is no longer outstanding, a similar security), plus 0.500%, plus, in each case, accrued interest to the date of redemption. The Company also retains the option to redeem the Notes if there is a substantial probability that the Company has or will become obligated to pay additional interest on the Notes for certain tax reasons. If the Company experiences a Change of Control Triggering Event, which is defined in the Agreement to include a Change of Control followed by a Rating Decline (each as defined in the Agreement), the Company will be required to repurchase the Notes at their aggregate principal amount, plus accrued and unpaid interest.

In addition, the Notes contain covenants of the Company (1) restricting the ability of the Company and its subsidiaries to pledge, mortgage, encumber or otherwise grant, a security interest in any of the Company’s or subsidiary’s properties or assets, except as permitted under the Company’s revolving credit agreement, as amended, restated, modified, renewed, refunded, replaced or refinanced in whole or in part, on an unsecured basis, from time to time, and (2) prohibiting sale and leaseback transaction by the Company and its subsidiaries of certain properties owned by them, except under certain circumstances. The Notes also contain events of default, including (1) failure to pay principal or interest on the Notes when due, (2) failure by the Company to perform or observe any other term, covenant or agreement contained in the Agreement, (3) failure to fulfill any payment obligation under the Company’s existing debt, (4) the occurrence of certain events of bankruptcy, insolvency or reorganization with respect to the Company, and (5) certain events relating to the occurrence of a Change of Control Triggering Event, as described above.

The Notes are listed on the Official List of the Irish Stock Exchange. The Notes have not been registered under the Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.
