## **ManpowerGroup Solutions' MSP Named "Leader" by Top Industry Analyst**

### **NelsonHall's Vendor Evaluation and Assessment Tool (NEAT) report gives TAPFIN highest leaders quadrant designation for second consecutive year**

MILWAUKEE, Nov. 17, 2015 /PRNewswire/ -- [ManpowerGroup](#) (NYSE: MAN), the world's workforce expert, announced today that ManpowerGroup Solutions' Managed Service Provider (MSP), TAPFIN, has been identified as a Leader for the second year in a row by NelsonHall's Vendor Evaluation and Assessment Tool (NEAT) report.

ManpowerGroup™

The NEAT evaluation assesses vendors against their ability to deliver immediate benefit to clients and meet their future requirements. TAPFIN was identified as the Leader in three categories—Talent Management Focus, Multi Country Focus and Overall—for its ability to address clients' multi-country, multi-region and global needs, to manage agencies and suppliers neutrally, to optimize supplier mix and to provide a consolidated reporting and procurement methodology.

"TAPFIN is one of very few vendors that can deliver global, multi-country MSP through its own local presence," said Gary Bragar, HR Outsourcing Research Director, NelsonHall. "As part of ManpowerGroup, TAPFIN can provide clients with access to additional services, such as outplacement from Right Management, contingent and permanent staffing from Manpower, RPO from ManpowerGroup Solutions and professional/IT resourcing from Experis. Their global reach and access to comprehensive workforce solutions position TAPFIN as a market leader."

"We are honored to once again receive the 'Leader' designation based on NelsonHall's expert analysis and feedback from our clients," said Jamiel Saliba, Vice President/General Manager, TAPFIN Global. "Our positioning reaffirms our unsurpassed ability to deliver comprehensive workforce solutions to our clients across the globe."

The NEAT evaluation is accompanied by the market report "Targeting Managed Service Programs," which provides a comprehensive assessment and insightful analysis of the MSP market and is designed to help organizations drive their talent acquisition and management strategy through Managed Services Program outsourcing.
